Bulldog Lunch Program

November 7, 2016

Dear Students, Parents, and/or Legal Guardians:

In an effort to increase student ownership and responsibility for their education, the Ekalaka Public School District has established the Bulldog Lunch program that will help your son/daughter take responsibility for their academic performance. If a student has been referred to the program, they are responsible for writing a plan of improvement that will guide them as they work themselves off of the ineligibility list. This program applies to our entire student population grades 7-12. All of our students will be held accountable for their academic performance. In short, failing to try in the form of incomplete work, worked not turned in, or work that is below your child's ability will not be tolerated. This program is in direct response to student apathy towards their responsibilities as students at CCHS. Rest assured that your son/daughter will enjoy the privilege of an open campus when they are not failing any classes. Until that time their open campus privilege has been revoked and they will report to the Bulldog Lunch program that is staffed by a licensed teacher who can assist them while they work on becoming eligible.

I ask for your support as we continue to work with your son/daughter in helping them towards the goal of making sufficient academic progress. If you should have any questions, please feel free to speak with me personally. I can assure you that this decision was not made lightly and it was made only after informing the student body at CCHS of the severity of the situation and how continuing down this road was no longer an option. The students were given every opportunity that due process can afford but unfortunately, they left myself and our school district no choice but to address this as best as we can.

Sincerely,

Daniel Schrock
